

Saving Our Schools

SOS is an initiative to enable students to report anonymously any suspicious, dangerous, or inappropriate behavior that is occurring on the school campus.

(Examples: Bullying, Drugs, Fighting)

By reporting this type of behavior you are helping make your schools a safer place.

You will find the ***SOS Life Preserver*** on your school's home page web site. To send information to the school administration, all you have to do is click on the ***SOS Life Preserver*** and an email will open so that you can make a report.

When writing your e-mail, please include as much information as possible such as:

- What behavior is occurring
- Who is engaging in the behavior,
- Who is the victim of the behavior
 - When is it occurring,
 - Where is it occurring
- Are there witnesses to the behavior?
